

Sponsor Spotlight

Photo left to right: Kim Morgan & Twila Roos

We are proud to showcase Town Center Bank as a 2024 Platinum Sponsor. Town Center Bank has two branch locations. One is located in Frankfort at 20181 S. LaGrange Road and the other is located at 1938 E. Lincoln Highway, Unit 101 in New Lenox.

Town Center Bank has been supporting us in a variety of ways since 2015! Each year we can trust that their team will help us with our banking needs and be available to assist with some of our larger events. You may have seen their softball banner hanging up at Commissioners Park or witnessed their team members handing out water at one of our Short Run on a Long Day 5K events. The photo above shows two team members handing out bags filled with school supplies to children at our Back To School Bash earlier this year.

Town Center Bank is our Platinum sponsor, which means their generosity helps us provide more quality events, leagues, and programs to the Frankfort community and guests from the surrounding areas throughout the entire year. They are committed to serving the community and giving back not only to us, but in ways that benefit all ages every day. Both Town Center Bank branches participate in such programs as Little Free Library, "take a book, leave a book" and they are collection sites for Frankfort and New Lenox food pantries all year long.

Each and every team member at Town Center Bank is there to help you achieve your financial goals. When you visit Town Center Bank's website, you will see information on their locations, personal banking options, etc. One thing that you may not know is that Town Center Bank is the only bank headquartered (chartered) in Frankfort. That means, they are taking money in locally and loaning it out locally. If you visit one of their branches, you will witness the family-oriented, friendly, patient, inviting team that is the heart of this bank. Every morning, the team bakes fresh cookies that they have available in their lobby. They take the time and effort to get to know their customers personally. Town Center Bank invests heavily in technology and has security measures in place to help protect your families. You can expect small town values and support along with the very best security and procedures in place to help keep your family and their investments safe.

Thank you, Dan, Kim, Gina, and the entire team at Town Center Bank for your continued support and contributions to our programs and the community. We couldn't do what we do without you. We appreciate all that you do!
